TESTED: **Jasper**

"I thought the Play-Doh Wheels set was amazing! I played with it for ages, there was so much to do. It came with 3 different Play-Doh's and my favourite was the red sparkly one! The tow truck was really cool and I especially liked making my own cars. Pushing the Play-Doh into the tow truck made a long Play-Doh rope you could connect to your cars to tow away! Mixing cars and Play-Doh is an awesome idea!"

TESTED: **Derek**

"This is such a fun toy to play with. When it's a dinosaur it makes lots of noises and sound effects and tells you lots of stuff about Therizinosaurus dinosaurs that you don't know. When it's a police car it makes lots of car sounds. I like it as a dinosaur the best and my favourite part is when you push the button on top and the claws move and the mouth opens and glows red and it makes roaring sounds."
